#### WARMING UP AND SKITESTING

Before competition:
On competition course following skiing direction
During competition only outside the competition course

Look the timetable!

Due the cold weather conditions, various precautions have been implemented to ensure equal opportunities for all participants. Additionally, relay competitions have been prioritized based on information provided by the team captains. The following plan has been devised:

Option 1: will be implemented if the Monday competition (FT short) can proceed as scheduled. It's important to note that the FT middle competition is purely optional and its occurrence cannot be guaranteed. Current weather forecasts suggest it may not take place but the option remains available.

Option 2: If the Monday competition (FT short) needs to be canceled due to the cold weather, option 2 will be activated.

| OPTION | MONDAY    | TUESDAY                 | WEDNESDAY | THURSDAY | FRIDAY  |
|--------|-----------|-------------------------|-----------|----------|---------|
| 1      | FT short  | CT short<br>(FT middle) | Relay     | CT long  | FT long |
| 2      | Calcelled | CT short<br>FT short    | Relay     | CT long  | FT long |

OBS! In option 1 FT middle is only optional and might not happen. CT short is priority.
